ISO 9002 

To whom it may concern.

For more than 15 years, Ari Novikoff has looked after both the hardware and software needs of Dynamic, setting up and troubleshooting the computer networks for both of our divisions. His tireless enthusiasm and expertise has seen us through an era of ever-present transition and growth. No matter what the problem, no matter what the hour or situation, Ari is always there, leaving no stone unturned to make sure things are running smoothly. Our business has followed him without hesitation as he has changed employers over the years, and we are pleased to continue our relationship with Ari now that he has launched Marari Network Solutions.

Joe McEvoy

Vice president
Dynamic Machine Corporation
